She's Not So Stupid

In ridiculing a brave individual like Mme. Ngo Dinh Nhu, who came to us to draw our attention to the international activities of our own CIA, Inez Robb should be excused for her complacency after that full-course dinner in Copenhagen. But Richard Starnes, who went to Saigon and verified Mme. Nhu's discreet appraisal of the CIA, compares Mme. Nhu to the dog which bit his ankle when he petted it.

Non-stupid individuals like Mme. Nhu and Sen. Joseph McCarthy make the history which gives "us democrats" a chance to talk too much. This is not Nhu news but an old story.
